OFFICE OF THE MAYOR

Message

Efficient data banking has always been an aspiration of every local government unit. It is a fact that accurate and updated data is vital in determining the “what”, the “who” and the “where” in every program/project/activity cycle. The advent of Community-Based Monitoring System (CBMS) undoubtedly provided a comprehensive, convenient and focused data gathering, data generation and data utilization scheme for the LGUs. It is indeed a grateful event that the local government unit of Canaman was accepted as one of the beneficiaries of the technical assistance from the CBMS Network Team on the LGU-institutionalization of CBMS.

Our heartfelt thanks go to our major partners in this wonderful undertaking especially the Spanish Government through AECID, the CBMS Network Coordinating Team of the Angelo King International Center, DILG-V, NEDA-V and NSCB-V. I would also like to commend our Municipal CBMS Team for their tenacity and their commitment to achieve the desired outputs given their other loads in their respective offices. Further, this will not be realized without the active involvement and support of our Sangguniang Bayan and all our 24 barangays led by their respective Punong Barangays namely:

<i>Baras</i>	▪ Susana Gamus	<i>San Francisco</i>	▪ Gerardo Ramos

This document – which is a concrete output of the CBMS Project, provides a wealth of information about our community and will serve as a tangible record that can be accessed and used by various stakeholders. Further, this document not just paint a comprehensive picture of the community but more importantly, it provides a handy guide for the formulation of the barangay and municipal government’s thrusts, policies and development plans towards a more responsive and efficient governance for the greater good of the community. Thus, CBMS also put forward a challenge to all the concerned functionaries to hear the voice of our constituents as articulated by the CBMS survey results.

Indeed, CBMS has provided an opportunity for the dawning of a new era in local governance. It is then up to us, the major functionaries, to utilize the vital tool espoused by CBMS and aid us in shaping the future of our community. May I, in closing, implore our co-public servants, and all our constituents, to be one with us in charting a better life for everybody.

“With our hands, we will build our community”.

EMMANUEL S. REQUEJO

OFFICE OF THE PUNONG BARANGAY

Message

In behalf of the local officials of our barangay, I am extending my profound gratitude to the Spanish Government through AECID in partnership with DILG, Local Government Academy (LGA), NEDA V, NSCB V, CBMS PEP Network Team and the Municipal Technical Working Group of the Municipality of Canaman, Province of Camarines Sur for selecting our barangay to be one of the recipients of the Community-Based Monitoring System (CBMS).

Comprehensive awareness of the authentic picture of the condition of the locality will serve as sound input to planning. The offer by the SLGP to the municipality of the Community-based Monitoring System is of great assistance to determine the status of the population and the core indicators captured the multi-dimensional aspects of the community. The digitized poverty maps generated is an easy reference to understand outright the magnitude of the problems that need to be addressed in the barangay.

As the period for the budgeting cycle nearly approaches, the strategic use of the CBMS data can enhance our empirical basis for planning and budgeting. With this tool there will be greater transparency and accountability in resource allocation and ultimately, it can indeed improve barangay governance.

This Barangay Socio-Economic Profile, an output of the CBMS will be a very useful document for the public administrators to ensure focused-targeting and will lead to improve the quality of life of the constituency.

ELY CALINGACION

PREFACE

This Barangay Socio-Economic Profile and Development Plan was prepared to serve as a tool and guide for both the local officials and the constituents of the barangay. A unique characteristic of this document is the strategic use of Community-Based Monitoring System (CBMS) data in building a comprehensive picture of the barangay and as an input to improve the empirical basis of local planning and budgeting. The reference for the CBMS Survey was September 2008 to August 2009.

CBMS data was used with the following objectives in mind, viz:

- To provide an updated, comprehensive yet focused description of all the vital aspects of life in the barangay;
- To position poverty reduction as an inherent bias of local development plans;
- To emphasize that our plans should be need-based as well as resource-based;
- To influence planning for it to involve focused-targeting in terms of geographic areas as well as basic sectors;
- To treat local development plans as policy-rather than-technical documents, which have influence on project implementation.

This document then is a by-product of the CBMS project of the municipality of Canaman in coordination with all the 24 Barangays and in cooperation with all the CBMS partners (DILG, NEDA, AKI Foundation, PEP-CBMS). It is just proper to give due credit to the Municipal CBMS Team, the tireless efforts of the enumerators, encoders, digitizer and the vital cooperation of the barangay officials and constituents, especially during the conduct of CBMS enumeration and CBMS Validation.

It is fervently hoped that this document will not just sit in the corner of the cabinet gathering cobwebs, but rather be actively used as a tool to better understand the intricacies of the barangay and as an instrument to the attainment of the missions and visions of the community.

History of Barangay San Jose West

Barangay San Jose West was created thru Municipal Council Resolution No. 18 s 1949 on March 30, 1949. It used to be part of Calambog, an old settlement whose name was said to be derived from the “mambog” trees that grow quickly in the area. At that time, Calambog has a peculiar settlement pattern: one which has its eastern, middle (where the barrio chapel was located) and western portion occupied.

Oral tradition says, Calambog was divided into two not really to facilitate the administrative function of the barangay considering the scattered settlement pattern but to facilitate the route of the annual “aurora” – a traditional penitential procession done for nine consecutive nights during summer to ask for divine intercession for rains to irrigate their farms. For that, the villagers decided that the proper boundary is the place where the barrio chapel is situated being the center of the scattered settlement. As to who gets what regarding the barrio chapel’s bell, “hamurawon” posts, the wooden altar and the image of their patron saint, the difficult question was settled through a lottery which gave San Jose East the “hamurawon” posts and the bell while San Jose West got the wooden altar and the image of San Jose – their patron saint.

In the 1960 census, San Jose West had 153 inhabitants which doubled in 1980 with 300 people. In the 2007 NSO census, the population of the barangay was 399 while in the 2009 CBMS Survey, the barangay posted 447 population.

Profile of Barangay San Jose West

MAP OF CANAMAN

MAP OF BARANGAY SAN JOSE WEST

Physical Characteristics

Barangay San Jose West is located in the western part of the municipality of Canaman and is about 6 kilometers from the poblacion. It has an aggregate area of 166.9709 has. or about 3.9% of the total land area of the municipality. It is made up of three puroks namely Zone 1, Zone 2 & Zone 3.

It is bounded on the north by barangay Liñaga with the Canaman river as the natural boundary, on the south by barangay Mangayawan, on the west by barangay Iquin and on the east by barangay San Jose East. The barangay's terrain is generally flat with slope of 0-3%. As to the soil type, barangay San Jose West has Libmanan Clay and Canaman Clay. It is predominantly an agriculture area.

Educational, Health and Service Facilities

Public elementary education in the barangay is catered by the San Jose West Community School which offers combination classes up to Grade IV. Complete elementary education can be accessed in the neighboring barangays of Iquin, Mangayawan and San Jose East.

The nearest High School is located in Barangay Mangayawan, Canaman which is about 2.75 kms from the barangay. The nearest Tertiary Education facilities can be found in Naga City (about 8.5 kms. from the barangay). A Day Care Worker (funded by the barangay with municipal counterpart) undertakes day care services to the children aged 3-5 years old.

Health services in the barangay is undertaken by three Barangay Health Workers and supplemented by once a month visitation by the Municipal Midwife. The residents can also access the services of the Municipal Health Office located in the town proper situated 6 kms from the barangay.

Mode of Public Transportation

Before the advent of the farm-to-market roads, people of San Jose West depend on the Canaman River for their transportation. However, the new millennium paved the way for land transportation. About 5 public utility jeepneys ply the route of Naga – San Jose West costing P12.50 (one-way trip). A number of residents have their own motorcycles as an easy and relatively cheap means of transportation to and from the barangay.

Credit Institutions

The barangay is served by several credit institutions (private and government) including those offered by private individuals. TSPI and CARD Bank are the prominent private lending institutions in the barangay. The Municipal Government also offers micro-lending services to identified sectors, including the micro entrepreneurs and farmers. Private individuals (5-6 type) and compradors also offer credit services to individuals in the barangay.

Water & Electric Supply

In the past, drinking water is not a problem in the barangay. In the early 1900s people get their drinking water at the Canaman River. In the 1940s, water at the Canaman River is no longer fit for drinking hence the people resorted to open dug wells for their drinking water. Later on, in the 60's, shallow wells and deep wells became their source of potable water. However, in the 80's, water from the deep wells is no longer potable – either it's murky or it's salty or both. A notable number of efforts were made to look for potable water but all the efforts were all in vain. This forced the people to buy water from water vendors that ply the area. At present, the water trucks (lorries) delivers almost daily in the barangay, however, it can only reach the outer portion of the barangay since the bridge has to be widened and the road networks inside the barangay proper has to be widened. This situation adds cost to the water per container (16 liters per container).

Nevertheless, it was informed that the said road network and bridge are expected to be improved by 2010.

It can be noted that up to this day, a good number of people in the barangay still bathe and wash their clothes at the Canaman River - they usually do it at the “pantalan” so that they do not have to carry the water needed for that activity to their houses.

As to electricity, all the three puroks of Barangay San Jose West has electrical facilities through CASURECO II. However, there are still several households (17 households) with no electrical connections mostly due to economic reasons.

Waste Management

The barangay has no Materials Recovery Facility and no established waste management system. Most of the residents dispose their wastes thru burning or in open pits. Some irresponsible residents throw their garbage in the river. It can be mentioned that the barangay is reached by some “Bote-Bakal-Plastic” buyers.

Peace and Order

The barangay is generally peaceful. Only minor incidents such as public disturbance usually caused by intoxicated residents were recorded in the barangay blotter. Peace and order in the barangay is handled by the 12 Barangay Tanods with regular detail duties and foot patrol every night.

Barangay Officials

Barangay San Jose West has the following Barangay Officials, to wit:

Punong Barangay: Ely C. Calingacion

Barangay Kagawads:

1. Lydia S. Salazar
2. Hilda L. Sto. Domingo
3. Lourdes B. Calingacion
4. Romeo E. Espera
5. Romeo E. Grutas, Jr.
6. Francisco M. Broqueza
7. Dionisio V. Abinal
8. Muriel L. Benedicto – SK Chairman

Barangay Secretary: Ruben L. Canuel

Barangay Treasurer: Roque M. Canuel

Implementation of CBMS in Barangay San Jose West

CBMS implementation in Canaman was an offshoot of the Letter of Intent sent by the Municipal Mayor of Canaman dated June 3, 2009 to the DILG expressing its intention to be a recipient of the CBMS. Upon approval and completion of requirements, a Memorandum of Agreement was signed by the Local Government Unit of Canaman with the CBMS Network Coordinating Team of the Angelo King International Center, the DILG and NEDA to formalize the partnership. On their part, the Sangguniang Bayan of Canaman expressed their approval thru a resolution authorizing the Municipal Mayor to enter into the said MOA and provide funding support for its implementation.

The Municipality of Canaman, thru the Local Chief Executive, then issued an Executive Order Mobilizing a Community-Based Monitoring System Team and correspondingly designated its composition. This was followed by an orientation-cum-commitment signing with the Barangay Captains in support of the project, including their commitment to provide minimal counterpart for enumeration expenses (P20 per household).

The Municipal CBMS Team then recruited a pool of enumerators who were given a 3-day training on August 4-6, 2009. After a successful dry-run, the enumerators were given the necessary logistical and administrative support and were then deployed to the barangays. The time-frame for enumeration of the entire 24 barangays pilot barangays was August 7 – October 15, 2009.

Enumeration for Barangay San Jose West was undertaken by three enumerators from August 16-20, 2009. Encoding of duly accomplished/edited household profile questionnaires was undertaken at the Municipal Hall.

After encoding, digitizing and processing, the validation was conducted last March 16, 2009 held at the Barangay Hall and participated by the Barangay Development Council and other representative of other sectors.

Incorporated in the whole time frame, and as part of the agreement, the concerned Municipal CBMS Team members attended several seminar-workshops (Modules I – IV) to equip them in undertaking the project.

In general, the CBMS implementation provided some lessons to all stakeholders. One is that the counterparting scheme was seen to have increased the sense of ownership of the barangay officials in the program. Another thing that was highly appreciated was the validation exercise – as it served a concrete output of the resources (time, money, etc.) spent for the project and that the presentation itself provided a detailed status of the barangay.

CBMS Survey Results: An Executive Summary

The 2009 CBMS Survey Results for Barangay San Jose West provided a vivid picture of the current state of the barangay across various indicators.

Health and Nutrition indicators showed relatively good results. Specifically, there was no recorded death due to pregnancy related causes. However, there was 1 death due to pregnancy-related causes. Also, child malnutrition was very low at 13%. Overall, this can be attributed to a good maternal and child health program in the barangay.

Housing also showed relatively good results with zero (0) informal settlers (squatters) recorded and only 7.6% of the households living in makeshift housing – the former can be attributed to the abundance of nipa in the area (providing available materials) and the latter to the culture of close family ties providing free use of lot for relatives. This culture of close family ties can also be the cause why in spite of the high poverty incidence in the barangay, only one (1) household indicated that they experienced food shortage.

Conversely, Water & Sanitation and Income and Livelihood showed worst figures for San Jose West. Households without access to safe water was very high at 98.9% and households without access to sanitary toilet is also high at 22.8%. Likewise, Barangay San Jose West posted high incidence of households living below poverty threshold (64.1%) and large number of households with income below food threshold (46.7%). Few alternative livelihood options and dependence on palay farming as source of income were some of the reasons mentioned on this poor state of income and livelihood in the barangay. Likewise, and as intimated in Section 2, the people of San Jose West are dependent on water lorries for their drinking water. However, in the advent of the farm-to-market roads, the people of barangay San Jose West are optimistic that this will at least be lessened.

The summary also showed alarming results in basic education, especially in high school participation rate which showed that 41.4% of the high-school aged children were not attending

high school. Also, Elementary participation rate is low at 25%. Poverty is seen as a major contributor to this situation. However, participants to the validation have identified several low-cost interventions such as simple tutorial services by the SK, counseling of the parents in coordination with the MSWDO and other educational assistance. Likewise, several livelihood trainings were also suggested to provide other income for the residents.

In general, the following table presents a summary of results for the 13+1 basic indicators of the barangay:

Table 1. Summary of Results

Indicator	Households		Population		
	Magnitude	Proportion	Magnitude		
			Total	Male	Female
HEALTH AND NUTRITION					
children 0-5 year old who died	0	0	0	0	0
women who died due to pregnancy related-causes	1	7.7	12

Victims of crime	1	1.1	1	0	1

Demography

Based from the 2009 CBMS survey results, barangay San Jose West has 92 households with a total population of 447 or average household size of 5. Purok 3 has the highest number of population with 211 or 47.20% of the total population followed by Purok 2 with 190 (42.51%) and Purok 1 registered the smallest number with 46 or 10.29% of the total population. Table 1 presents a more detailed description of household and population situation per purok of Barangay San Jose West, viz:

DEMOGRAPHY

- Number of Puroks: 3
- Number of Households: 92
- Population Distribution by Gender : Male-218, Female : 229

Table 2. Number of Households & Population per Purok

PUROK	HOUSEHOLDS		POPULATION						SEX RATIO	AVERAGE HH SIZE
	Number	%	male	% to total	female	% to total	Total	% to total		
1	13	14.13%	26	56.52%	20	43.48%	46	10.29%	130	4
2	38	41.30%	91	47.89%	99	52.11%	190	42.51%	92	5
3	41	44.57%	101	47.87%	110	52.13%	211	47.50%	92	5
	92		218	48.77%	229	51.23%	447	100.00%	95	5

Also, Table 2 shows that Barangay San Jose West is somewhat female dominated with 218 males and 229 females or an overall sex ratio of 95, meaning there are 95 males for every 100 females. Among the three puroks, only Purok 1 is male dominated at 130 males to 100 females while the remaining two puroks were female dominated..

Table 3 indicates that majority of the people in Barangay San Jose West belongs to the working age group (15-64 years old) with 51% of the whole population. Old dependents (65 & above) are few with only 26 or 5.82% of the entire population.

Table 3. Population by Age Bracket

Age Bracket	POPULATION					
	Total	%	Male	% to Total	Female	% to Total
Total	447	100%	218	48.77%	229	51.23%
0-14	193	43.18%	87	45.08%	106	54.92%
15-64	228	51.00%	118	51.75%	110	48.25%
65 above	26	5.82%	13	50.00%	13	50.00%

Age Bracket	POPULATION					
	Total	%	Male	% to Total	Female	% to Total
Children 0-5 years old	79	17.1%	31	14.2%	48	21%
Children 6-12 years old	87	19.5%	44	20.2%	43	18.8%
Members 13-16 years old	50	11.2%	23	10.6%	27	11.8%
Members 6-16 years old	137	30.6%	67	30.7%	70	30.6%
Members 10 years old and above	319	71.4%	163	74.8%	156	68.1%

Table 4 shows that Basic literacy in Barangay San Jose West is high at 96%, meaning 307 of the total 319 who are aged 10 years old and above are able to read, write and do some simple computations. The presence of a complete elementary school in the barangay is seen as a major contributor to this situation.

Table 4. Basic Literacy

purok	number of persons 10 years old and above			Literate persons 10 years old and above		
	Total	Male	Female	Total	Male	Female
San Jose West	319	163	156	307	159	148
Purok 1 - SJW	34	20	14	33	20	15
Purok 2 - SJW	131	60	71	128	59	69
Purok 3 - SJW	154	83	71	146	80	66

As to religion, influence of the Spanish Colonization is highly evident as Roman Catholics dominate Barangay San Jose West representing 91.72% of the total population while the other 8.28% are Protestants (4.92%) and Christians (3.36%).

Figure 1 shows that majority of the people of San Jose West are single with 57.72% of the total population. This can be directly correlated with the information in Table 2 showing that 0-14 years old comprise a large chunk of the population of the barangay which is 43.18%.

Human Development

Health & Nutrition

The summary of results (Table 1) shows that **no child death** occurred in the last 12 months in Barangay San Jose West. However, there were 12 **deaths due to pregnancy-related causes** was recorded. These can be attributed to the Maternal & Child Care program of the Municipal Health Office undertaken in close partnership with the Barangay Council and Barangay Health Workers.

The same table shows that there were 7 **children aged 0-5** (2 male, 5 females) located in 6 households reported as **malnourished**. The participants in the validation have intimated that poverty is the main reason for this situation. Nevertheless, they suggested that the said children be given priority attention by the Barangay Health Workers. The following map shows the geographic distribution of the 6 households that has malnourished children.

HEALTH & NUTRITION

- Households with Children Aged 0-5 Years Old who are Malnourished : **6**
- Households with Child Deaths (Children Aged 0-5y.o.): **0**
- Women who Died Due to Childbirth/Pregnancy-Related Complications: **12**

Figure 2. Nutrition Status

**WATER &
SANITATION**

Water & Sanitation

- Households with no Access to Safe Drinking Water: **91**
- Households with no Access to Sanitary Toilet Facilities: **21**

Table 5 indicates that 98.91% or 91 of the 92 households have no access to safe water. This can be attributed to the fact that there is no pipeline connection in the barangay and no source of potable water. The residents are dependent on the water lorries that ply the area or to the nearest barangay that has pipeline connection. However, in the advent of the farm-to-market roads, the people of barangay San Jose West are optimistic that this will at least be lessened as number of lorry trips can increase.

Likewise, Table 5 also shows that there are still 21 households in Barangay San Jose West that has no access to sanitary toilet. The participants in the validation stated that these households cannot afford to construct a sanitary toilet.

Table 5. Access to Safe Water & Sanitary Toilet

purok	number of households	households without access to safe water		households without access to sanitary toilet facility	
		Magnitude	Proportion	Magnitude	Proportion
San Jose West	92	91	98.9	21	22.8
Purok 01	13	13	100	7	53.8
Purok 02	38	38	100	6	15.8
Purok 03	41	40	97.6	8	19.5

The following figure gives us a view of the status of the households relative to access to sanitary toilet, viz:

Figure 3. Access to Sanitary Toilet

Shelter

Table 6 shows that there is no household who is a squatter in Barangay San Jose West. This can be attributed to the culture of close family ties wherein relatives are always ready to lend their land rent-free.

Although table 5 indicates that there are 7 households living in makeshift housing. Given the abundance of nipa in the barangay, some barangay officials suggested that they will facilitate the production of nipa shingles, with the help of the households concerned, to prop-up their houses.

Table 6. Squatters and Households living in Makeshift Housing

Purok	number of households	households who are squatters		households living in makeshift house	
		<i>Magnitude</i>	<i>Proportion</i>	<i>Magnitude</i>	<i>Proportion</i>
San Jose West	92	0	0	7	7.6
Purok 01	13	0	0	2	15.4
Purok 02	38	0	0	4	10.5
Purok 03	41	0	0	1	2.4

SHELTER

- Households Classified as Informal Settlers/Squatters: **0**
- Households Living in Makeshift Shelters: **1**

EDUCATION

- Children Aged 6-12 Years Old who are not Attending Elementary School: **12**
- Children Aged 13-16 Years Old who are not Attending High School: **16**

Education

Despite the presence a public school in the area, a large number of elementary school age children who are not in school. The summary table (Table 1) indicates that 12 children (7 females, 5 males) aged 6-12 are not in elementary school or 13.8% of all the children aged 6-12 in the barangay.

The participants in the validation intimated that this is mainly due to poverty and poor judgment of parents. They said that the parents must be given counseling and that the Barangay Council for the Protection of Children must be strengthened. The following map shows that of the 12 out of school children in the barangay, 3 are in Purok 1, 6 in Purok 2 & 3 in Purok 3.

As to high school, 16 children (10 females, 6 males) aged 13-16 are not in high school. This represents 32% of all the children aged 13-16 in the barangay. Aside from the reasons stated in the preceding paragraph, they added that the distance of the nearest high school (about 6 kms) is a major hindrance as this entails necessary cost. Also, they said that poor families tend to send their high-school age children to work and provide additional money for the family.

The following map shows that 9 of these children are from Purok 3, 7 are from Purok 2 while none from Purok 1.

Peace & Order

PEACE & ORDER

- Households which Fell Victim to Crimes During the Past 12 Months: **1**
-

The barangay is generally peaceful. Table 1 shows that 1 household reported to have been victimized by crime in Barangay San Jose West. The participants in the validation said that the crime is considered solved since the suspect was caught and apprehended.

Economic Development

ECONOMIC

DEVELOPMENT

As reflected in Table 7, Barangay San Jose West has 132 members of the labor force (99 of which are males and only 33 females) representing 29.5% of the total population. Of the 132, only 2 are unemployed or 98.48% employment rate for the barangay. Being an agricultural community, the major source of income in the barangay is palay farming (including farm workers). However, the size is relatively low since this indicates that only 132 people are gaining income to support the whole population of the barangay.

- Unemployment Rate: **1.52%**
- % of Hholds w/ Income Below Poverty Threshold: **64.1%**
- % of Hholds / Income Below Food Threshold: **46.7%**
- Households which Experienced Food Shortage: **1**

Table 7. Employment by Sex, Purok

Purok	number of members of the labor force			Employed members of the labor force					
	Total	Male	Female	Magnitude			Proportion		
				Total	Male	Female	Total	Male	Female
San Jose West	132	99	33	130	99	31	98.45	100	93.94
Purok 01	14	13	1	14	13	1	100	100	100
Purok 02	54	39	15	53	39	14	98.15	100	93.33
Purok 03	64	47	17	63	47	16	98.44	100	94.14

Table 1 indicates that **64.1%** or 59 of the 92 households were recorded as **living below poverty threshold** affecting 325 persons or 72.7% of the total population of San Jose West. For this part, the currently used poverty thresholds are: P14,633 for Rural Barangays and P19,384 for Urban Barangays. This means that 591 households are having a hard time providing for their basic needs such as basic food, clothing, shelter, education and simple recreation. Few alternative livelihood options, limited opportunities and dependence on palay farming as source of income were some of the reasons mentioned on this poor state of income and livelihood in the barangay.

The following map presents the extent of poverty incidence in Barangay San Jose West which shows that Purok 2 has the biggest number with 26 households living below poverty threshold, 25 hh for Purok 3 and 8 hh for Purok 1.

Likewise, Table 1 shows that 46.7% or 43 of the 92 households have income below food threshold. The currently used food thresholds is P10,452 per capita for Rural barangays and P13,069 per capita for Urban barangays. This means that 46.7% of the households are having a hard time providing for their basic foods needed for survival. This can be attributed to the reasons stated in the preceding paragraph. The following map presents the extent of households living below food threshold Barangay San Jose West, viz:

Most of the households living below food threshold can be found in Purok 2 and 3 (18 households each) while Purok 1 has 7.

However, it is interesting to note that despite the large number of households living below food threshold, only 1 household in the barangay was reported to have experienced food shortage as indicated in Table 1. The participants in the validation intimated that close family ties is the main reason why no family experienced food shortage in their barangay – people are more than willing to share their foods to their needy relatives or neighbors.

Programs Implemented in the Barangay

Table 8 presents the beneficiaries of programs in the barangay, with housing program and supplemental feeding getting the biggest number of beneficiaries with 18 and 16 respectively. Skills and Livelihood training benefited 7 households, credit program has 6 beneficiaries and education/scholarship program has 3 beneficiaries. The beneficiaries of the housing program are all located in Purok 3 – the site of the core shelter project, but the beneficiaries come from all the 3 puroks of the Barangay.

It is interesting to note that no respondent reported to have benefited from health assistance program. However, participants in the validation stated that Philhealth for Indigents was implemented in the barangay after the conduct of the survey. They also said that the residents usually avail of the health services in the Municipal Health Center located at the town proper.

Table 8. Beneficiaries of Development Programs

Barangay	number of households	Types of programs	
		<i>Magnitude</i>	<i>Proportion</i>
San Jose West	92		
Supplemental feeding program		30	32.61
Health assistance program (Ex. Philhealth for indigents, free eye checkup, dental services, etc.)		5	5.43
Education / scholarship program		19	20.65
Skills or livelihood training program		0	0
Housing program		0	0
Credit program		3	3.26
Other types of program		0	0

LGU-Specific Indicators

As reflected in Table 9, only 30 of the total 447 population in the barangay are members in organization and most of them are females (20) with only 13 males. Women's organization got the highest number of membership with 12 with Agricultural organization getting the lowest with 2.

Table 9. Membership in Organization

Barangay	number of Total members			Types of organization					
				Magnitude			Proportion		
	Total	Male	Female	Total	Male	Female	Total	Male	Female
San Jose West	447	218	229						
Religious				8	5	3	1.79	2.29	1.31
Youth				6	2	4	1.34	0.92	1.75
Cultural				0	0	0	0	0	0
Political				0	3	0	0	0	0
Women's				12	0	12	2.68	0	5.24
Agricultural				2	1	1	0.45	0.46	0.44
Labor				0	0	0	0	0	0
Others (Specified)				2	2	0	0.45	0.92	0
TOTAL				30	13	20			

CBMS Survey results also showed that of the 231 voting-age population in Barangay San Jose West, 192 or 83.11% are registered voters (104 male, 88 female). However, validation participants said that is probably 100% now since an intensive campaign was made for people to register in connection with the coming elections.

Further, Barangay San Jose West has 69 households that are engaged in crop farming/gardening, 56 households engaged in livestock/poultry, 12 households engaged in wholesale/retail, 8 households engaged in forestry, 8 households engaged in forestry, 4 households engaged in construction, and 3 households engaged in fishing. Commonly planted vegetables are pechay, and ampalaya and are usually for household consumption only. Seasonal planting of watermelon – a high value commercial crop, is now being adopted by a growing number of people in the barangay. As to livestock, this is usually small-scale raising of pigs, chicken and ducks.

As to tenurial status, Table 10 indicates that a large number of households (52 households) in the barangay own their house but uses the lot for free. This can be attributed to the culture of close family ties of the people.

Table 10. Tenurial Status

Tenure Status	Number of households
Owner owner-like possession of house and lot	35
Rent house/room including lot	2
Own house/rent lot	1
Own house rent-free lot with consent of owner	52
Own house rent-free lot without consent of owner	0
Rent-free house and lot with consent of owner	2
Rent-free house and lot without consent of owner	0
Other tenure status	0

Civil Registration records for barangay San Jose West indicates that of the total 400 population, there are 11 (6 male, 5 females) whose birth is not yet registered in the Civil Registrar. This can be due to the complacent attitude of some residents towards immediate registration of births. They just process the late registration when the birth certificate is needed, like during enrolment in elementary. However, the new arrangement of civil registration wherein the Barangay Secretary acts as agent of the civil registrars is seen as a good way of resolving this issue.

As to electrical connection, 65 or 78.31% of the 83 households have electrical connection and the remaining 18 households uses kerosene for their lighting. Poverty is again seen as the main reason for this condition.

Migration data for barangay San Jose East is presented in Table 11. It shows that there are 50 persons (26 male, 24 female) who previously resided somewhere else other than their present abode. Table 12 indicates that more than half of the total migrants (27 persons) came from other municipality within the province, while 16 moved from other puroks within the barangay and 7 came from other barangays in the municipality. This can be mostly attributed to marriage between a barangay resident and somebody residing outside the barangay. The movement within the barangay (from one purok to another) is also influenced by the core shelter program wherein the site was purok 3.

Table 11. Migration by Purok

Purok	number of Total members			Number of members who migrated					
				Magnitude			Proportion		
	Total	Male	Female	Total	Male	Female	Total	Male	Female
San Jose East	400	220	180	50	26	24	12.5	11.82	13.33

Brgy. Vision and Mission Statements

VISION:

Isang pamayanang maka-Diyos, masagana at may sariling kakayahan na nagkakaisa at nagtutulongan tungo sa isang mapayapa at masaganang barangay na may malinis na kapaligiran.

MISSION:

Sa basbas ng Panginoon, ang Barangay San Jose West ay magbibigay ng karampatang serbisyo, pangalagaan ang mga kabataan, paunlarin ang kabuhayan at palalakasin ang kakayahan ng mga tao sa pamamagitan ng isang matinong pamamahala sa tulong ng magagaling, masisipag at dedikadong opisyal ng barangay at mga taong puno ng kakayahan.

Goals and Objectives

SOCIAL DEVELOPMENT

Goal: To improve the delivery of basic services in the barangay through the proper allocation and maximum utilization of resources.

Specific objectives:

Demography

- To conduct an updated count of the barangay's population

Shelter

- To facilitate the provision of low-cost housing to marginalized sector

Health

- To increase citizen's awareness on sanitation, nutrition, family planning and health care in the depressed area
- To provide basic hygiene education and trainings for households
- To facilitate the provision of supplemental feeding to identified malnourished children and regular conduct of operation timbang

Peace And Order And Public Safety

- To conduct series of trainings for barangay brigades so as to enable them to become effective agents in the maintenance of peace and order in the community

Social Welfare and Development

- To provide AICS to the indigents in the barangay
- To promote literacy program to school age children and matured individuals
- To improve and maintain the Day Care Center
- To facilitate the provision of books, desks, learning materials and other school equipment

Sports And Recreation

- To improve sports facilities in the barangay
- To conduct sports clinic and competitions to hone the talents of the people

ECONOMIC DEVELOPMENT

Goal: To increase the income of the households in the barangay

Specific objectives:

1. To conduct skills trainings to capacitate the constituents on small scale businesses
2. To provide farmers and fishermen continuous technical support and other forms of assistance needed to increase their harvest
3. To provide livelihood and employment opportunities to marginalized group
4. To conduct advocacy campaigns on household food security

PUBLIC INFRASTRUCTURE

Goal: To construct additional infrastructure facilities in the barangay

Specific objectives:

1. To construct farm- to-market roads
2. To improve the barangay hall
3. To provide safe drinking water by installing low-cost water supply facility

ENVIRONMENTAL DEVELOPMENT

Goal: To ensure environmental sustainability

Specific objectives:

1. To rehabilitate, protect and maintain the riverbank
2. To enforce laws, rules and regulations on environment
3. To establish park and greenbelt area
4. To formulate and implement a 5 – Year Barangay Solid Waste Management Plan
5. To establish Barangay Material Recovery Facility
6. To conduct massive information campaign on solid waste management

Development Plans & Projects

A. WATER & SANITATION

1. Procurement of a lorry truck to distribute potable drinking water to the residents
2. Facilitate the exploration of possible source of water in the barangay. (Inquire from Mr. Turibio Corativo re number of pipes used from the water point source during previous project implementation)
- 3 Provide toilet bowls to 21 HHs sourced from 20% EDF
- 4 Tie-up with SK to provide additional funds to address the problem on HHs without access to sanitary toilet

B. BASIC EDUCATION

1. Activation of BCPC
2. Counseling of concerned parents by MSWD & DEPED
3. Provision of school supplies, matriculation fees, school projects & school uniform by SK
4. Tutorial Services
5. Dialogue with OSY
6. Alternative Learning System in the barangay

C. HOUSING

1. Request for financial assistance from Presidential Aspirant Manny Villar
2. Enactment of Ordinance re issuance of Barangay Clearance prior construction of houses

D. HEALTH & NUTRITION

1. IEC on Proper Diet
2. Regular Check-up of malnourished children with the MHO
3. Provision of multivitamins

E. INCOME & LIVELIHOOD

1. Livelihood Trainings
2. Intensification of Agricultural Production
3. Demonstration Farm
4. Facilitation to market the products
5. BDC to allocate funds for the purchase of vegetable seeds
6. Backyard Gardening
